

DOW CLOTHING CO.

Semi-Annual CLEARANCE SALE!

FOLLOWING our long established and well known custom we are now conducting our Semi-Annual Clearance Sale, which will continue throughout the month of July.

In merchandising every calendar month, week and almost every day in the year has its peculiar and individual duty to perform which affects all the others in their combined year-end results.

July and January are the spend-thrifts of the family, but they are also the managers, and on them lies the responsibility for the ship's cruise.

Our last cargo of freight has now to be unloaded. Everybody is invited to come aboard ship and select whatever may be useful to them at entirely new and much lower prices. Every article now in stock will be reduced, but NOT ALL AT ONCE.

If you need a new suit for yourself or your boy, now is the time to buy and to save.

If you need a light weight overcoat or a pair of trousers, now is the time to buy and to save.

If you need underwear, shirts or neckwear, now is your time to buy and to save.

If you need hats or hosiery, now is your time to buy and to save.

Regular examination July 19-20.
Institute August 19th—30th week.
Directors sometimes guess at the grade of certificates held by their teachers, when making their reports to this office. They have reported all the way up to first grade, when in fact the teacher has no certificate at all.

Every teacher whose certificate expires this summer will be expected to take the examination in all subjects below 80, this month, except where low grades were made in June.

Following is the new library law: "The school board of school teachers of every school district within this state shall, and it is hereby made their duty to set aside annually from the general funds collected for the use of the district the sum of ten cents per pupil as shown by the total number of pupils within the school district at the last annual school census. Said amount so set aside shall be known as the district library fund, and shall be by the school board or trustees of such district annually invested in books other than the regular text books, which books so provided shall be suitable for the district school library."

The following special from Lincoln appeared in Wednesday's Sioux City Tribune. It may be of interest to some of our readers, even if it is not authentic:

A tall, neatly attired woman, carrying a purple parasol, walked hurriedly into the office of the county attorney today and stated that she had important business with that official. County Attorney Tyrrell asked what he could do for her and she replied that she wanted him to give her some advice and write a letter for her.

"This letter is to go to Dr Maxwell, because I—"

"What is it you wish to say?" broke in the county attorney, whose suspicions began to arise.

"Ask him if I would be sent to the pen again if I came back up to Dakota county and killed someone," was the startling reply.

"Who are you?" asked Mr Tyrrell.

"Mrs Wurzberger—Mrs Stella Wurzberger."

"Do you mean to tell me that you are going back to Dakota county and kill someone?" But the woman had made up her mind that she would go and "see another lawyer, providing she had money enough."

Investigation shows that the woman was sent to the penitentiary from Dakota county, June 26, 1901, for assaulting a man with intent to kill. She was sent to the insane asylum before the expiration of her five-year term. She was released from the asylum in 1905 and remained in the city for some time, when she was returned to the asylum. About a month ago she was again released upon promise to leave the city. During her incarceration she was a fairly good patient, but was frequently unruly.

The police have been directed to pick her up and return her to the asylum, but she has not yet been located.

Grand Land Opening!

In the Texas Panhandle Country

Commencing July 2nd and continuing on the first and third Tuesdays during July and August, I will conduct Homeseekers Excursions to the Texas Panhandle country where the famous Spring Lake Ranch, an exceptionally fertile body of land comprising 200,000 acres in one tract in Castro and Lamb counties in the Texas Panhandle, will be put on the market for sale for the first time. This tract of land is part of the Farwell estate, the land having been received by the late John V. Farwell of Chicago from the State of Texas in return for money advanced for the building of the Texas state capitol. This body of land has recently been bought by the Geo. G. Wright Co. of Kansas City, the largest and best known real estate dealers in the southwest, who now for the first time are putting it on the market to purchasers, in any quantity, and on such low and easy terms as will insure its quick sale and an exceptionally profitable investment.

\$4.00 per acre down, balance ten years at 6%.

Three new railroads are now in course of construction thro this tract of land and the new town of Spring Lake has just been started at the junction of two of these roads, which is destined to be the metropolis of the Texas Panhandle country.

I have secured the agency for Northeast Nebraska for the sale of this tract of land—am in on the ground floor and in a position to give my customers an inside deal. The company intends to sell every acre of this land within the next sixty days, and it is confidently expected that before the tract is sold entirely out prices will have advanced to double what they started at the opening sale.

Anyone desiring to investigate the special and grand opportunity for profitable investment at this land opening can come with me on any of these dates at the special low rate of \$25.40 for the round trip from Sioux City to Friona, Texas. The train leaves Sioux City at 6:55 Tuesday evening. Leaves Kansas City the following morning in the Wright Special Pullman train, arriving at destination the following morning. Returning, leave Friona Saturday evening, getting to Sioux City Monday morning. Homeseekers provided with sleeping berths and meals on train. Land shown in automobiles.

This is positively the best proposition for land investment in the Southwest today. Purchasers now will surely double their investment before fall. Get in on the ground floor; come with me on this excursion, and if it looks well to you secure a piece of this land near the new town of Spring Lake, and you will have \$50 per acre land before two years.

Land located in the shallow water district obtained, in abundance, or from 15 to 50 feet.
